

# GLOBAL PROJECT MANAGEMENT FORUM 2022

المنتدى العالمي لإدارة المشاريع

# MESSAGE FROM THE PRESIDENT

## Greetings!

It is our pleasure to invite you to attend the GPMF 2022. Welcome to Saudi Arabia's most diverse conference for project management professionals. Organized under the theme: "The Future of Project Management: Digitalizing & Adapting to Change", GPMF 2022 focuses on 4 pillars: Infrastructure Focus; Technology & Innovation Focus; Smart Cities Focus; and Social Development Focus.

We're launching GPMF to push the boundaries of the project management profession by inviting renowned keynote speakers to touch on the critical components of managing projects as well as provide inspiring insights to the delegates on how to integrate effective project management into diverse business types. GPMF is also committed to making the latest project management tools & resources available to PM stakeholders in a way that revitalizes the huge potential of our society, drives our country's thriving economy, and achieves the ambitious objectives of Saudi Arabia's 2030 Vision.

Hoping you'll delight in our premier event, where there's something for everyone, we're waiting to see you all there!

**Badr M. Burshaid**  
President of GPMF

# WHAT IS GPMF?

Global Project Management Forum is a leading annual two-day event in Riyadh, The Kingdom of Saudi Arabia, which will take place from **26 - 27 June 2022** and will host a global community of project, program, and portfolio managers.

Our speakers are leaders in their field, driving everything from large multinationals to inspiring personal projects. They will explore topics from workflows and best practice solutions to soft skills, emerging technologies, diversity, sustainability, and scaling while re-igniting the passions essential for those working as a project manager.

The event is co-organized by the Project Management Institute KSA and the Saudi Public Investment Fund.

GLOBAL  
PROJECT  
MANAGEMENT  
FORUM

# GPMF OBJECTIVES

01

To present the future trends of project management focusing on the area of infrastructure, technology and innovation, future cities, and tourism.

02

To focus on the Saudi leading developments driving toward achieving vision 2030 by presenting the best practices and innovative solutions of project management.

03

To feature event partners like the Saudi Public Investment Fund and international speakers with a wealth of knowledge and extensive experience in project management.

04

To demonstrate the implementation of smart, sustainable, and innovative practices of project management to ensure sharing of best practices.

05

To enrich the knowledge of organizations and individuals by updating them on the latest developments in the fields of excellence and success in managing infrastructure projects.

06

To highlight global, regional, and local best practices by introducing the latest technologies and solutions.

07

To discuss strategies for project management future trends.
