CORPORATE

Corporate matters are fundamental to every successful business. We advise local and international companies throughout their lifecycle, from establishment and expansion to restructuring and strategic growth. Our services cover corporate structuring, shareholder arrangements, governance, commercial contracts, regulatory compliance, and ongoing advisory support, with practical legal solutions tailored to founders, boards, executives, and investors directly.

FOREIGN INVESTMENT

Saudi Arabia offers significant opportunities for international investors and global businesses. We advise foreign investors, multinational corporations, and investment groups on market entry, investment structuring, licensing, regulatory approvals, corporate establishment, shareholder arrangements, and ongoing legal support. By combining local insight with an understanding of international business needs, we help clients navigate the Saudi regulatory landscape with confidence clearly.

MERGERS & ACQUISITIONS

Mergers and acquisitions are key milestones in a company's growth and development. We advise buyers, sellers, investors, and business owners on domestic and cross-border transactions, including structuring, due diligence, negotiations, documentation, regulatory matters, and post-closing implementation. Our practical, commercially focused advice helps clients pursue strategic opportunities while protecting value and carefully managing transaction risks.

JOINT VENTURES

Strategic partnerships are increasingly important for growth, market expansion, and operational efficiency. We advise businesses, investors, and entrepreneurs on joint ventures, alliances, consortiums, and long-term collaborations. Our approach aligns commercial interests, defines governance, allocates risks and responsibilities, and creates legal frameworks for sustainable business relationships with impact.

LITIGATION & DISPUTE RESOLUTION

Business disputes often involve significant legal, financial, and reputational risks. We represent clients in commercial and civil disputes before courts, judicial committees, and arbitral tribunals, including contractual claims, shareholder conflicts, enforcement proceedings, and alternative dispute resolution. Our strategic, results-focused approach protects client interests and aims to achieve strong practical, commercially effective outcomes.

RESTRUCTURING & TRANSFORMATION

Businesses often require strategic transformation to respond to market changes, growth opportunities, and complex operational challenges. We advise companies, investors, and business groups on ownership reorganizations, group restructuring, business separations, governance redesign, and legal transformation projects. Our practical approach aligns organizational and legal structures with commercial objectives.

GOVERNANCE & COMPLIANCE

Strong governance and effective compliance frameworks are essential for sustainable operations and long-term success. We advise companies, family businesses, boards, and executives on governance structures, regulatory obligations, internal policies, delegation, and risk management. Our practical approach strengthens accountability, supports better decision-making, and ensures alignment with legal and regulatory requirements.

FINANCIAL REGULATORY & FINTECH

The financial services sector is rapidly evolving through technology, innovation, and regulatory change. We advise financial institutions, fintech companies, investors, and emerging businesses on regulatory assessments, licensing, compliance, fintech structures, digital financial products, and ongoing advisory matters. Our support helps clients navigate complex regulations while encouraging innovation and sustainable growth and market resilience globally.

FAMILY BUSINESSES

Family-owned businesses face unique legal, operational, and succession challenges. We advise family enterprises on governance, succession planning, family constitutions, and business continuity. Our goal is to preserve value, support smooth generational transitions, and create clear frameworks for long-term stability and steady growth.

FRANCHISING

Franchising is an effective model for business expansion and market growth. We advise franchisors and franchisees on franchise structuring, disclosure requirements, agreements, regulatory compliance, and operational arrangements. Our legal frameworks support sustainable expansion while protecting key brand value and commercial interests.

INTELLECTUAL PROPERTY

Intellectual property is one of the most valuable assets of modern businesses. We advise clients on protecting, managing, commercializing, and enforcing trademarks, copyrights, licenses, transactions, and IP portfolios. Our services help safeguard innovations, brands, and creative assets while supporting long-term commercial goals. It also supports growth, value, and market strength.

REAL ESTATE DEVELOPMENT & INVESTMENT

Real estate remains a major driver of economic growth and investment in Saudi Arabia. We advise developers, investors, property owners, and businesses on acquisitions, developments, joint ventures, leasing, project documentation, and investment structures. Our practical, commercially focused approach helps clients maximize value, and successfully deliver complex projects.
